		Distance from the stage centre (preliminary)

E3	shortened long (chasing start)	0 m	0 m	9:00

Stage centre = event centre for all stages.

Location of all starts and finishes reachable also by bike.

Terrain: Rugged terrain in the heart of the “Czech Canada” region, 480 – 615 m above sea level with several hilltops (Homolka, Fabián, U Šmejdu buku, Kovář, Malíkovský kopec, ...), irregular network of paths. In part of the area there is a steep slope with boulders and stone bedrock, elsewhere there are areas with higher occurrence of mounds (piles of stones created in the time when there were fields and meadows here instead of forest). The vegetation varies from mature beech to mixed to spruce or pine forest. The runnability is generally good, orientation in some parts of the forest is made difficult by irregularly shaped coniferous thickets growing under the canopy of mature trees.

See a map on page 6 for areas of the three stages.

Maps: Parts of the *Homolka – Vojřov* map (<https://mapy.orientacnisporty.cz/mapa/homolka-vojirov-2024>), mapped 2020 – 2024, revision of older parts of the map in spring and summer 2024. Map specification ISOM 2017-2, revision 6, eq. 5 m, scale 1:10 000, or 1:7 500 (for younger and older participants in some stages). Authors of maps: Arnošt Komárek (mainly area of stages E1 and E3) and Jan Beneš (mainly area of E2). Maps will be printed on a waterproof material pretext.

See page 7 for map samples.
